

Reclaimed Reservoir Wood Redwood

www.mbreclaimed.com

Redwood

After years of supporting the roof for underground drinking water reservoirs, these Redwood Beams have been removed. Some beams that have been under water have a unique water mineral calcification that gives the wood a distinct scaled texture.

Source: Drinking Water Reservoirs in Los Gatos, Alum Rock and Fremont

Prior Use: Support structure for the roofs of Drinking Water Reservoirs

Species: Redwood
(*Sequoia Sempervirens*)

Certified: FSC® Recycled 100%

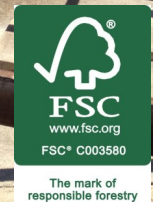

Character: Some knots and nail holes, mineral deposits from the water giving some boards a scaled appearance.

Material #: RE-RW

Real wood. Real stories.
